

- 
- The diagram shows a large white rectangle representing a piece of paper, centered on a light blue background. A dashed green line forms a border around the white rectangle, indicating the safe area margin. A solid red line is positioned just inside the dashed green line, representing the finished size. A solid black line is positioned just inside the red line, representing the art size. A small light blue rectangle is located in the bottom left corner of the white area, representing the production buffer.
